

Annual Giving Fund Campaign

Thank you for supporting PPIE. Your financial support is crucial to PPIE's success in providing additional educational resources for Pleasanton's students! With your support, PPIE looks to increase our support of funding student-focused programs at your school and throughout the district that enhance your child's educational journey. When combined with company matching and direct funding from our business partners, PPIE donates more to our schools than we receive! Whether a large or small donation, everyone contributing makes a difference. Thank you!

Donation of \$500 per family is recommended, but we appreciate all donations. Monthly payment plans are available at ppie.org/donate.
