

State of the School District Sponsorships

PPIE is pleased to host our annual State of The School District event on March 12, 2024 in collaboration with Pleasanton Unified School District. In its 5th year, this gathering brings together over 200 education and business leaders to celebrate our schools.

Held at the Firehouse Arts Center, the PUSD Superintendent presents the annual State of the School District Address and is accompanied by a featured guest speaker. The event also features PPIE's annual Pillars of Pleasanton Awards, recognizing businesses in selected categories that support Pleasanton schools in a variety of ways. The event is highlighted in the local press and is a featured event for the business and education community.
