Annual Report 2016 - 2017

Executive Director's Message

**\$523,000
Giving Fund**

This year PPIE donated \$523,000 to PUSD to fund library hours, site technology staff, instructional coaches, and NEW class sections in high schools.

Steve McCoy-Thompson
Executive Director

In the coming year, PPIE will celebrate 30 years of support for Pleasanton students, teachers and schools. What an amazing milestone! Having formed in 1987, as an offspring of the Pleasanton Chamber of Commerce, PPIE has provided millions of dollars to achieve our unique mission: to enhance learning for all 14,500+ students at all 15 Pleasanton schools. Over this period, PPIE has supported class size reduction, critical staffing and our annual teacher and student grants for a range of STEAM projects throughout the district.

This year, PPIE launched an important community pivot to shift the way we engage with and support our schools. The results and response, shared in this report, have been tremendous. And next year, we plan to do even more: expand funding to address key staffing needs at our schools (as defined by the schools themselves), build stronger, more impactful school-business partnerships, and engage our diverse city to help shape the future of education in Pleasanton. This also reflects PPIE's broader goal – to serve and support the entire Pleasanton community, because it truly takes a community to serve our students and to create a place where they will thrive. Thank you for your support in creating this community we love!

Best Run Ever!

Our 5th Annual Run for Education was the best ever – with 3,000+ participants, raising over \$100,000 for our schools. We held 5k, 10k and 15k runs alongside a special kid's run that everyone loved. We presented food, awards and prizes that everyone enjoyed. Equally important, the Run showcased the fun, community and diversity of our great city. Special thanks to our wonderful sponsors (see the corporate donor page for full listing) and our amazing volunteers who worked tirelessly for a great cause. Thank you!

Community Pivot

Our ‘community pivot’ is changing the way PPIE enables great education in Pleasanton, including the first-ever guidelines between PPIE and all 14 school parent clubs to clarify roles and goals to all our donors. This effort is highlighted through our Better Together campaign, which celebrates how PPIE staffing support and parent club (PTA/PTSA/PFC) funding of school supplies, activities and development (‘stuff’) works together to build a great classroom experience for our children. We also re-focused our annual school giving to be more responsive to school-defined staffing needs. This year, we added staff hours to keep libraries open longer, computers more accessible to students and teachers, and coaches to promote 21st Century learning in our classrooms. This year, we donated over \$520,000 to all 15 schools and two pre-schools (STEAM and Harvest Park).

Promoting Innovation in Schools

Over the past 20 years, PPIE has issued \$1M in teacher and student grants to promote innovative STEAM projects. These projects range from robotics, coding, and 3-D imaging and printing, to craft and baking projects to benefit local programs like our senior center and Open Heart Kitchen. In all cases, PPIE grants enrich our teachers and students and compel them to create for our benefit and their future. Special thanks to our corporate sponsors for making this program possible (see our list of Corporate Donors).

“We highly value PPIE’s 30-year commitment to our teachers and students. Thank you!”

Dr. David Haglund, PUSD
Superintendent

“As a first generation immigrant from China, occasionally I felt rootless and insecure. Being a part of the education run, now I know this is my community and my home. ... Adding up all these small, good deeds together with other people, we are making a difference and the world a better place.”

Shirley Yuan, co-founder BURN Tri-Valley
Running Club and new PPIE Board Member

Through an Innovative Student Grant, the Hart Middle School Art Club received funding from PPIE to provide artwork and materials for Tri-Valley Haven, a local resource for families in need.

School Funding in Pleasanton

For the past 10 years, Pleasanton schools have been buffeted by significant funding cuts – including the 2008 Great Recession, redistribution of state funds to lower income districts through the Local Control Funding Formula, and a 2014 state decision to have local districts shoulder a greater share of teacher and district employee pensions. The result is that PPIE funding has become increasingly critical to maintaining quality education in Pleasanton schools, which ranked at 7th in the Bay Area and 13th out of 500+ districts in the State of California. Your support is critical to our children’s education.

New Initiatives

We are excited about the future! In addition to our community pivot, we are launching an Adopt-a-School program to promote closer school-business ties and employee volunteerism. We are increasing the diversity of our Board, to better represent the diversity of our community, and we’re forming an Advisory Council of local stakeholders to serve as a community ‘voice for education’ in Pleasanton. We have big plans to fund more staff at all our Pleasanton schools to provide greater support, attention and opportunity for our students. If you are interested in any of these initiatives, please contact us. We can always use your help!

20 staff positions supported

With your support, PPIE helped fund these critical positions for the 2017-2018 school year:

- Library assistants - to keep libraries open longer
- Site technology specialists - to enable computer access for all
- New class sections in math and English for smaller class size
- Great instructional coaches in technology, math and English

With funds from PPIE's Innovative Grant program, Amador Science teacher Amy Turner Bull, was able to purchase materials to expose students to real life situations and models so they can truly understand the function of a system, including a shark.

INCOME		2016-2017 *

Mission & Vision

It takes a community to support a school! At PPIE, we work with parents and parent clubs, school and business leaders - everybody who cares about our kids! - to enhance learning experiences for Pleasanton students. Our vision is to galvanize our community to create a truly dynamic school district that fosters innovation, excellence, and caring among our students and teachers. Please join us! Contact mail@ppie.org or 925-846-5620 to learn how you can support your community!

“PPIE is essential to our schools’ success. I enjoy being part of the team!”

Viji Manickam, PICD Founder and new PPIE Board Member

Pleasanton principals love PPIE - here's one of many accolades: "Thank you for the tremendous amount of time and energy you are pouring into our schools and the Pleasanton community. We appreciate all you do!!"

Julie Berglin, Principal, Mohr Elementary
